EVENT MANAGEMENT

Let us take the stress out of organising the event and deliver a personalised solution for you.

Breakfast, lunch, afternoon and evening meetings available. Just contact us to discuss your requirements.

Situated in the beautiful rural countryside of the Deux Sevres region, Château de Saugé was re-built in 1607 and stands in nearly 4 acres of beautiful rural gardens with large pond.

Due to it's elevated position it presides over the surrounding fields and local towns providing spectacular unspoilt views. The castle itself is flanked by picturesque outbuildings and a beautiful inner courtyard.

A little piece of heaven hidden behind the trees.

A perfect venue for that Business Meeting or Conference - impress your customers with such a beautiful and unique event - show your staff just how important they are to you.

All events are tailormade to suit your requirements, whether you require a desk to work from for a couple of hours, holding a conference for 30 clients or delivery training for your employees- we can help.
